HOW TO FILE

- A. Your annual return for the preceding year may be used as the basis for computing your declaration of estimated tax for the current year.
- B. You may use the same figures used for estimating your federal income tax adjusted to exclude any income or deductions not taxable or permissible under the Muskegon Heights Income Tax Ordinance.

WITHHOLDING TAX CREDITS AND OTHER CREDITS

- A. Withholding Tax Credit – You may subtract from your estimated Muskegon Heights income tax (line 4) the amount of Muskegon Heights income tax expected to be withheld.
- B. Income Tax Paid By Partnership – If you are a member of a partnership which elects to file a return and pay the tax on behalf of its partners, you may subtract from your estimate of Muskegon Heights Income Tax, the amount of tax expected to be paid by the partnership for your distributive share of net profits.
- C. Income Tax Paid To Another Municipality – If you are a resident of Muskegon Heights and pay income tax to another municipality on income earned outside Muskegon Heights you may subtract from your estimate of Muskegon Heights income tax the amount of income tax expected to be paid to the other municipality. The credit may not exceed the amount of tax assessable under the Muskegon Heights Income Tax Ordinance on the same income.

AMENDED DECLARATION

If, after you have filed a Declaration, you find that your estimated tax is substantially increased or decreased as a result of a change in your income or exemptions, you may amend your estimate at the time of making any quarterly payment.

PENALTIES AND INTEREST

If the total amount of tax withheld or paid by Declaration is less than seventy percent (70%) of the final tax due, interest and penalties will be charged. The filing of a declaration of estimated tax does not excuse the taxpayer from filing an annual return even though there is no change in the declared tax liability.
